APPENDIX A

This appendix details the procedure for enforcing the Rules & Regulations as adopted by the Board of Directors of Co-op Ocean Waterway Inc.

Section 303 (3) of Chapter 719 of the Florida Statutes provides that the Co-op may impose reasonable fines for failure by the unit owner or his occupant or guest to comply with any provision of the Cooperative Documents or the reasonable rules of the association.

A fine may be imposed by the Board of Directors for each day of continued violation, with a single notification and the possibility of a hearing before a committee. However, the fine may not exceed \$100 per violation or \$1,000 in total.

The aim is not to impose a police state, but rather to ensure compliance with the standards of conduct our community has set for itself. At present, our Rules & Regulations do not include any penalties for the majority of articles, so there are no coercive measures to ensure compliance.

Our general practice is to notify the unit owner or occupant by written letter when a breach of the Rules & Regulations is discovered, so that he or she can immediately take the necessary corrective action.

If the notice is ignored, or if the violation is repeated, the Co-op will issue a detailed notice of violation and determine the amount of the fine.

The amount of the fine will be determined according to the objective seriousness of the breach and its frequency. As a general rule, a fine of \$25 will be imposed for the first offence, and \$50 to \$100 for repeated offences.

Of course, the persons concerned will have the right and opportunity to contest this fine at a hearing before an impartial committee of three (3) independent persons.

The Committee's role is limited to confirming or rejecting the fine or suspension imposed by the Board of Directors.

If the Committee does not approve the proposed fine or suspension by a majority vote, the fine or suspension cannot be imposed. If the proposed fine or suspension is approved by the Committee, payment of the fine is due five (5) days after the date of the Committee meeting at which the fine was approved. The association must give written notice of the fine or suspension to the unit owner and, where applicable, to any lessee, licensee or guest of the unit owner, by post or hand-delivery.

Unpaid fines will carry a charge of 18% from the sixth (6) day after the Committee's decision is rendered.
